

## SNOW IN EUROPE

*A picture of Ss Mary and Joseph's Church (Poplar London) in the snow! Unfortunately one of my 90 year old parishioners was knocked over by an out of control car on the ice outside the church. The driver did not stop. The lady is a former Mayor of the Borough. She is thank God Ok but badly bruised on one side. Also a picture of one of the Camelias in my garden struggling to flower through the snow! **A metaphor for something!***
